4. Administrative procedures

7. State and Federal statutes and requirements
8. Student handbooks
9. School closings and early dismissals
10. New initiatives
11. Changes in direction
12. Impacts of external and unforeseen internal activities

To assist the board in this endeavor, a committee will be established to serve as an advisory committee to the Board of Education in required communications. The committee will consist of the following persons:

1. One high school student
2. One parent
3. One Board member
4. Superintendent or his designee

This committee will meet semi-annually to make recommendations to the Board of Education for improving communications.
