## BELIEF STATEMENT

*We believe:*

- *That a safe respectful environment is important.*
- *We must focus on the total child.*
- *In stakeholder involvement.*
- *Early childhood education is important.*
- *Teamwork is necessary for accomplishing goals.*
- *In the need to maintain a student-centered approach to instruction.*
- *Students should be career and college ready.*
- *Every employee serves a vital role.*
- *Parents play a vital role in their child's education.*
- *A positive school culture promotes student growth.*

# CONTINUED QUEST FOR QUALITY

The Madison County School system will continue its quest for quality through the following:

1. Adopting a quality-based management model which includes data analysis and continuous improvement.
2. Establishing clearly defined goals for each school and the district as a whole.
3. Incorporating the State Board of Education's goals into our improvement plan:
  - a. NC public schools will produce globally competitive students.
  - b. NC public schools will be led by 21st Century professionals.
  - c. NC public school students will be healthy and responsible.
  - d. Leadership will guide innovation in NC public schools.
  - e. NC public schools will be governed and supported by 21st Century systems.
4. Incorporating the AdvancED goals into our school improvement plan.

## *Standard 1: Purpose and Direction*

The system maintains and communicates at all levels of the organization a purpose and direction for continuous improvement that commit to high expectations for learning as well as shared values and beliefs about teaching and learning.

## *Standard 2: Governance and Leadership*

The system operates under governance and leadership that promote and support student performance and system effectiveness.

## *Standard 3: Teaching and Assessing for Learning*

The system's curriculum, instructional design, and assessment practices guide and ensure teacher effectiveness and student learning across all grades and courses.

## *Standard 4: Resources and Support Systems*

The system has resources and provides services in all schools that support its purpose and direction to ensure success for all students.

## *Standard 5: Using Results for Continuous Improvement*

The system implements a comprehensive assessment system that generates a range of data about student learning and system effectiveness and uses the results to guide continuous improvement.

5. Implementing the Common Core and Essential Standards provided by the State.
6. Providing all personnel with the financial, support training, and support that will allow them to be successful.
7. Establishing high expectations for all to perform and succeed.

In addition, the Madison County School system will:

- Follow school board policies.
- Adhere to State laws and regulations.
- Adhere to Federal laws and regulations.
- Work cooperatively with the Madison County Commission.
- Operate under the auspices of the Department of Public Instruction.
- Operate under the auspices of the United States Department of Education.

## STAKEHOLDER INVOLVEMENT PLAN

The Madison County Board of Education recognizes the value of stakeholder involvement in decisions made by the school system. The Board defines a stakeholder as any person or entity that is impacted by the actions of the Board or the performance of students. A stakeholder is any person with a vested interest in the educational processes, programs or services provided by the school district. Some identified stakeholders are as follows:

1. Students
2. Parents
3. Citizens of the county
4. Business and industry
5. Vocational/Technical community colleges
6. Area colleges

7. Potential employers
8. Civic Organizations
9. Government Organizations

The list can be expanded to any individual or group that is impacted by the actions of the school system.

The Board of Education will do the following in order to provide opportunities for stakeholder involvement:

1. Participate in the State working conditions survey.
2. Seek input from teachers relative to the strategic plan.
3. Have teacher professional learning teams for all grade levels
4. Obtain input from principals and at principal work sessions.
5. Obtain input from administrators at administrators' monthly meetings.
6. Use surveys to obtain opinions from all stakeholders.
7. Operate a central office with an "open door" policy that allows any employee to have access to the superintendent and other central office administrators.
